

1st Grade Weekly Report

Week of August 11th to 14th

OUR LEARNING

MATHS: During this week we understood fractions starting with quarters of shapes and quantities, identifying shapes divided into equal parts.

ENGLISH: This week, we learnt about places in the city, new vocabulary and short "e" words

SCIENCE: This week we finally had our science fair! Also, we started learning about electrical circuits and their parts.

LENGUAJE: Esta semana identificamos en forma oral y escrita la letra "j", con la que escribimos palabras y oraciones. Además, trabajamos la comprensión lectora, leyendo de un afiche.

HUMANITIES: This week we reviewed about food origin, difference between natural food and processed food and we identified different structures of types of communication in order to study for our upcoming test.

COMPUTING: Los alumnos han aprendido a crear y dibujar su propio personaje en el programa de Scratch Jr.

Unos minutos diarios practicando con el mouse en casa fortalecen la motricidad fina, precisión y autonomía de los niños.

OBSERVATIONS/REMINDERS

UPCOMING TESTS

Wednesday 20th – Humanities test
Friday 22nd – Lenguaje
