

2nd Grade Weekly Report

Week of April 13th to 17th

OUR LEARNING

MATHS: During this week, we estimated, added and subtracted 2-digit numbers; we used objects to represent unknown quantities and we took the second maths test.

ENGLISH: This week we learned about prefix -un, we review the content of unit 2 and we took our second test.

SCIENCE: We remembered the content about dissolving; we learned how to filter mixtures and the properties of materials.

HUMANITIES: This week we talked about influence, to understand where some of my ideas come from.

LENGUAJE: Durante esta semana repasamos el uso de los artículos, sustantivos y adjetivos en una oración. Además, aplicamos estrategias lectoras en el libro Test Santillana. Finalmente, trabajamos la escritura con los grupos consonánticos tl, tr y dr.

COMPUTING: Identificamos componentes internos sin ayuda.
