

2nd Grade Weekly Report

Week of April 20th to 24th

OUR LEARNING

MATHS: During this week, we added and subtracted multiples of 10 using regrouping; we added and subtracted to and from 3-digit numbers and we used objects to represent unknown quantities.

ENGLISH: This week we learned about numbers from 1 to 100, we learned about different shapes with angles and sides and how people measured things long ago.

SCIENCE: We learned about different materials (wood, plastic and metal) and describe their uses. We also learned about the difference between silly and sensible materials.

HUMANITIES: This week we talked about how our opinions change over time.

LENGUAJE: Durante esta semana realizamos la prueba del libro "Los viajes de Gustavo". Además, identificamos palabras sinónimas y antónimas para ampliar nuestro vocabulario.

COMPUTING: Identificamos dispositivos de entrada y salida (ej. mouse y monitor)

OBSERVATIONS/REMINDERS

Martes 28 de Abril

Día de la convivencia escolar

Have a great weekend!

Miss Evelyn
