

2nd Grade Weekly Report

Week of April 6th to 10th

OUR LEARNING

MATHS: During this week, we knew pairs of numbers that total 100; we added and subtracted multiples of 100; we estimated, added and subtracted 2-digit numbers; we used objects to represent unknown quantities and we took part of the Maths Olympiads

ENGLISH: This week we review preposition of place, we learned about different shops, extended family and vowels followed by R.

SCIENCE: We did our ice cream project and learned about dissolving.

HUMANITIES: This week we reviewed the content about different perspectives, and we took our evaluation.

LENGUAJE: Durante esta semana identificamos los elementos de una oración: Los artículos definidos e indefinidos, sustantivos (propio y común) y los adjetivos calificativos. Además, aplicamos estrategias lectoras en el libro Test Santillana.

COMPUTING: Cambio de actividades "Olympiad Maths".
