

2nd Grade Weekly Report

Week of March 2nd to 6th

OUR LEARNING

MATHS: During this week we reviewed some of the basic contents in maths in order to have a knowledge about students' learnings. Also, we had the diagnostic test, with questions and exercises related to additions and subtractions, place value (tens and ones) and 2D shapes.

ENGLISH: During our first week, we reviewed topics such as daily routines, the five senses, and likes and dislikes. We also did our diagnostic test.

SCIENCE: During this week we did our diagnostic test and reviewed content related to natural and man-made objects.

LENGUAJE: Esta semana repasamos el abecedario en forma oral y escrita, organizamos palabras en orden alfabético y aplicamos la prueba de diagnóstico.

COMPUTING: Realizamos un repaso oral de los contenidos y actividades trabajadas el año pasado, reforzando los conceptos principales para comenzar el nuevo período.

OBSERVATIONS/REMINDERS
