

2nd Grade Weekly Report

Week of March 30th to April 2nd

OUR LEARNING

MATHS: During this week, we regrouped 3-digit numbers in different ways, we compared 2- and 3-digit numbers and we understood that commutativity only works with addition calculations.

ENGLISH: This week we learned about the ordinal numbers, we wrote some letters about personal information and learned about preposition of place.

SCIENCE: We started a new unit about solid, liquid and gas materials. We also learned about how to separate mixtures.

HUMANITIES: This week we learned about the identity, and we identify characteristics of people.

LENGUAJE: Durante esta semana realizamos la prueba del libro "Beto y Bella llegan a Chile". Además, trabajamos la comprensión lectora en un cuento. Finalmente, identificamos las características y propósito de este tipo de texto.

COMPUTING: Entendemos algunas de las partes internas más importantes de un computador.

OBSERVATIONS/REMINDERS

Have a great long weekend!

Miss Evelyn
