2nd Grade
Weekly Report

Week of November 2nd to 6th

OUR LEARNING

MATHS: During this week, we recognised fractions as operators and we added and subtracted fractions with the same denominator.

ENGLISH: This week we identified, talked and wrote activities in the past, present and future. Also, we identified and used opposite words.

SCIENCE: We identified healthy food choices and understood why drinking water is important. We compared foods and drinks according to their sugar, fat and salt content. Moreover, we investigated how acidic drinks can affect teeth.

HUMANITIES/SOCIAL SCIENCE: Esta semana reconocimos y comparamos diferentes actividades realizadas por los pueblos originarios. Además, creamos una artesanía inspirada en sus expresiones

LENGUAJE: Durante esta semana, trabajamos la comprensión lectora a partir de una infografía. Además, identificamos el propósito y la función de este tipo de texto. Finalmente, creamos una infografía aplicando sus características.

COMPUTING: Investigamos los sensores más comunes y que hacen en el día a día.

OBSERVATIONS/REMINDERS

TIME FOR ENGLISH
Jueves 12

Enjoy your weekend!
