

2nd grade

Weekly report

Week of August 18th – 22nd

OUR LEARNING

MATHS: During this week we used language associated with position, direction and movement. Finally, we made a work class using compass points to describe position, direction and movement.

ENGLISH: During this week we worked using demonstrative pronouns, also we reinforced our reading skills using a text about the environment and we identified short and long "o" spellings.

SCIENCE: This week we worked identifying forces and we learnt about how to use a forcemeter in order to measure the force of some objects. Also, we reinforced for our term test.

SOCIAL SCIENCE: Esta semana estuvimos reforzando para nuestra prueba trimestral. Repasamos zonas de Chile utilizando un mapa, reconocimos patrimonios naturales de cada zona y características de cada patrimonio.

LENGUAJE: Durante esta semana recordamos los adjetivos calificativos. Además, repasamos los contenidos para la prueba trimestral. Finalmente, aplicamos la prueba del libro "Caperucita Roja y abuelita, detectives privados".

Computing: Se aplicó el nuevo bloque de "Decir" con los bloques anteriores para crear una animación en Scratch Jr y usamos los bloques de girar el personaje y saltar, ya que tienen un funcionamiento parcialmente distinto.

Miss Carolina
