

2nd grade

Weekly report

Week of July 28th - August 1st

OUR LEARNING

MATHS: During this week we estimated and multiplied 2-digit numbers by 2, 3, 4 and 5 using arrays, grid method and partitioning, and also we estimated and divided 2-digit numbers by 2, 3, 4 and 5.

ENGLISH: This week we worked identifying the solar system and its planets, verbs in past, we read and recognized words with long sound /i/ and we reinforced our reading comprehension skills by reading short texts about the moon, stars and planets.

SCIENCE: During this week we introduced the concepts of food chain, producers and consumers. We analysed and compared similarities and differences. Also, we had our pre – presentation for Science Fair.

SOCIAL SCIENCE: Esta semana terminamos de reconocer las diferentes zonas de Chile, sus características y patrimonios de estas. Además, terminamos nuestro classwork sobre Chile y sus zonas.

LENGUAJE: Durante esta semana, repasamos los contenidos vistos, y aplicamos la evaluación correspondiente a la Unidad 2. Además, trabajamos la escritura con el uso correcto de la "g". Además, aplicamos estrategias lectoras en un texto narrativo.

COMPUTING: Los alumnos han creado un pequeño programa en la aplicación de Scratch Junior utilizando movimientos como el giro y salto.

Miss Carolina
