

2nd grade

Weekly report

Week of October 13th – 16th

OUR LEARNING

MATHS: During this week we ordered a set a fraction, we understood that fractions can be represented as a division, we recognise fractions as operator and we added and subtracted fractions with the same denominator.

ENGLISH: During this week we work identifying sentences in affirmative, negative and questions using the future “will”. Also, we worked in groups making a poster about different animal’s homes (cave, anthill, pond, nest, barn)

SCIENCE: This week we learnt the shape of the moon, the earth, and sun. Also, we read a Chinese tale which says a rabbit lives on the moon.

SOCIAL SCIENCE: Durante esta semana identificamos diversos aportes de los pueblos originarios y de los españoles a la sociedad chilena.

LENGUAJE: Durante esta semana, identificamos el propósito y características de una noticia. Además, trabajamos en la planificación y escritura de un texto informativo. Finalmente, trabajamos en el libro Test Santillana aplicando estrategias lectoras.

COMPUTING: Continuamos con la practica de mecanografía, agregando números, se enfatiza la correcta posición de las manos.

Miss Carolina Galaz

OBSERVATIONS/REMINDERS

Use of will

Subject + will + verb.

Examples:

She will study for her test.

They will be playing outside.

I will go to France.
