

2nd grade

Weekly report

Week of September 29th – October 3rd

OUR LEARNING

MATHS: During this week we subtracted 3-digit numbers by 2-digit numbers using place value and regrouping and also, we subtracted pairs of 3-digit numbers by regrouping and solved word problems with subtraction involved.

ENGLISH: This week we had our evaluation and we introduced our new unit about houses, rooms and furniture. We compared different houses around the world and we learnt the use of will for predictions or for talking about the future.

SCIENCE: During this week, we reinforced the content for our test. We reviewed what force, gravity, and friction are. We also identified the main characteristics of magnets—for instance, magnetic and non-magnetic materials.

SOCIAL SCIENCE: En nuestras clases de esta semana identificamos costumbres y tradiciones de pueblos originarios que se mantienen en el presente. También aprendimos sobre la inmigración a estos pueblos.

LENGUAJE: Durante esta semana realizamos la evaluación del libro "Las memorias de Hugo" (el chanco de tierra). Además, identificamos los verbos y tiempos verbales (pasado, presente y futuro). Finalmente, trabajamos en el libro Test Santillana aplicando estrategias lectoras.

COMPUTING: Aplicamos sin ayuda el concepto de motricidad fina para crear dibujos en Paint, explorando figuras geométricas y el uso de diferentes herramientas.

Miss Carolina Galaz

OBSERVATIONS/REMINDERS

Use of will

Subject + **will** + **verb**.

Examples:

She will study for her test.

They will be playing outside.

I will go to France.
