

3rd Grade Weekly Report

Week of July 14th to 18th

OUR LEARNING

MATHS

During this week we identified the relationship between multiples and factors, we used tests of divisibility by 2, 5, 10, 25 and 50, we grouped numbers to simplify multiplication and we multiplied tens by 1-digit numbers.

ENGLISH

This week we learned about a new unit, The unit 7 "Puzzles and codes". We revised the structure to make descriptions, and we learned about the use of present perfect.

LENGUAJE

Durante esta semana identificamos los verbos y tiempos verbales. Además, aplicamos estrategias lectoras en un texto narrativo. Finalmente, repasamos los contenidos vistos en la Unidad 2.

SCIENCE

This week, we started with unit 2 "Energy". We learned that non-living things also have energy and that energy can be transferred

SOCIAL SCIENCE

Esta semana iniciamos la unidad 4 y aprendimos sobre la Antigua Grecia y su entorno geográfico.

IMPORTANT INFORMATION

Fechas importantes de la próxima semana:

- Lunes 21: Inicio del trabajo del panel para la feria científica.
- Viernes 25: Evaluación de Inglés

Have a nice weekend!

Miss Valentina
